Elliott Fisher

UX Designer & Web Developer

EXPERIENCE

1SEO Digital Agency, Bristol PA — *QA Developer & UX Specialist*

Jan 2023 - Jan 2024

Established and spearheaded the Quality Assurance role at 1SEO digital agency. Routinely performed Pre-launch checks on client websites for design discrepancies, developer errors and made corrections. All of which was documented and cross-referenced with the design guidelines and client contract.

I was also called upon to handle especially demanding projects from our in house Escalations Department. Whereupon, I would design and/or develop entire projects for clients with especially discerning tastes or demanding timelines.
